SUMMARY

Experienced JavaScript Web Developer with strong expertise in React, Node.js, and Next.js. Skilled in building scalable, high-performance web applications with modern architectures. Focused on writing clean, maintainable, and efficient code. Passionate about creating user-centric solutions and contributing to innovative products.

WORK EXPERIENCE

Web Developer (JavaScript) | Mentor Friends Pvt. Ltd. **April 2025 - Jan 31 2026**

- Developed and maintained modern web applications using JavaScript, React, Node.js, and Next.js
- Built reusable UI components and implemented responsive, mobile-first designs
- Developed and integrated RESTful APIs to ensure seamless front-end and back-end communication
- Collaborated with designers, project managers, and developers to deliver high-quality features on schedule

Junior MERN Stack Developer | Bijuli Gaadi Nepal **Feb 2024 - July 2024**

- Developed full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Built responsive UIs with React.js & Tailwind CSS, designed RESTful APIs, and integrated third-party APIs. Collaborated in an Agile environment, handling debugging, optimization, and code reviews.

Intern | Sipalaya Info Tech Pvt. Ltd **June 2023 - Oct 2023**

- Completed an internship focusing on MERN stack development, gaining hands-on experience in React.js, Node.js, Express.js, and MongoDB. Worked on building responsive UIs, integrating APIs, and debugging applications like momo web application, Instagram clone, Weather App.
